## THE FINE ART OF LEADERSHIP

### Presenting the all new Camry

ALL NEW  
**CAMRY**  
Lead By Example

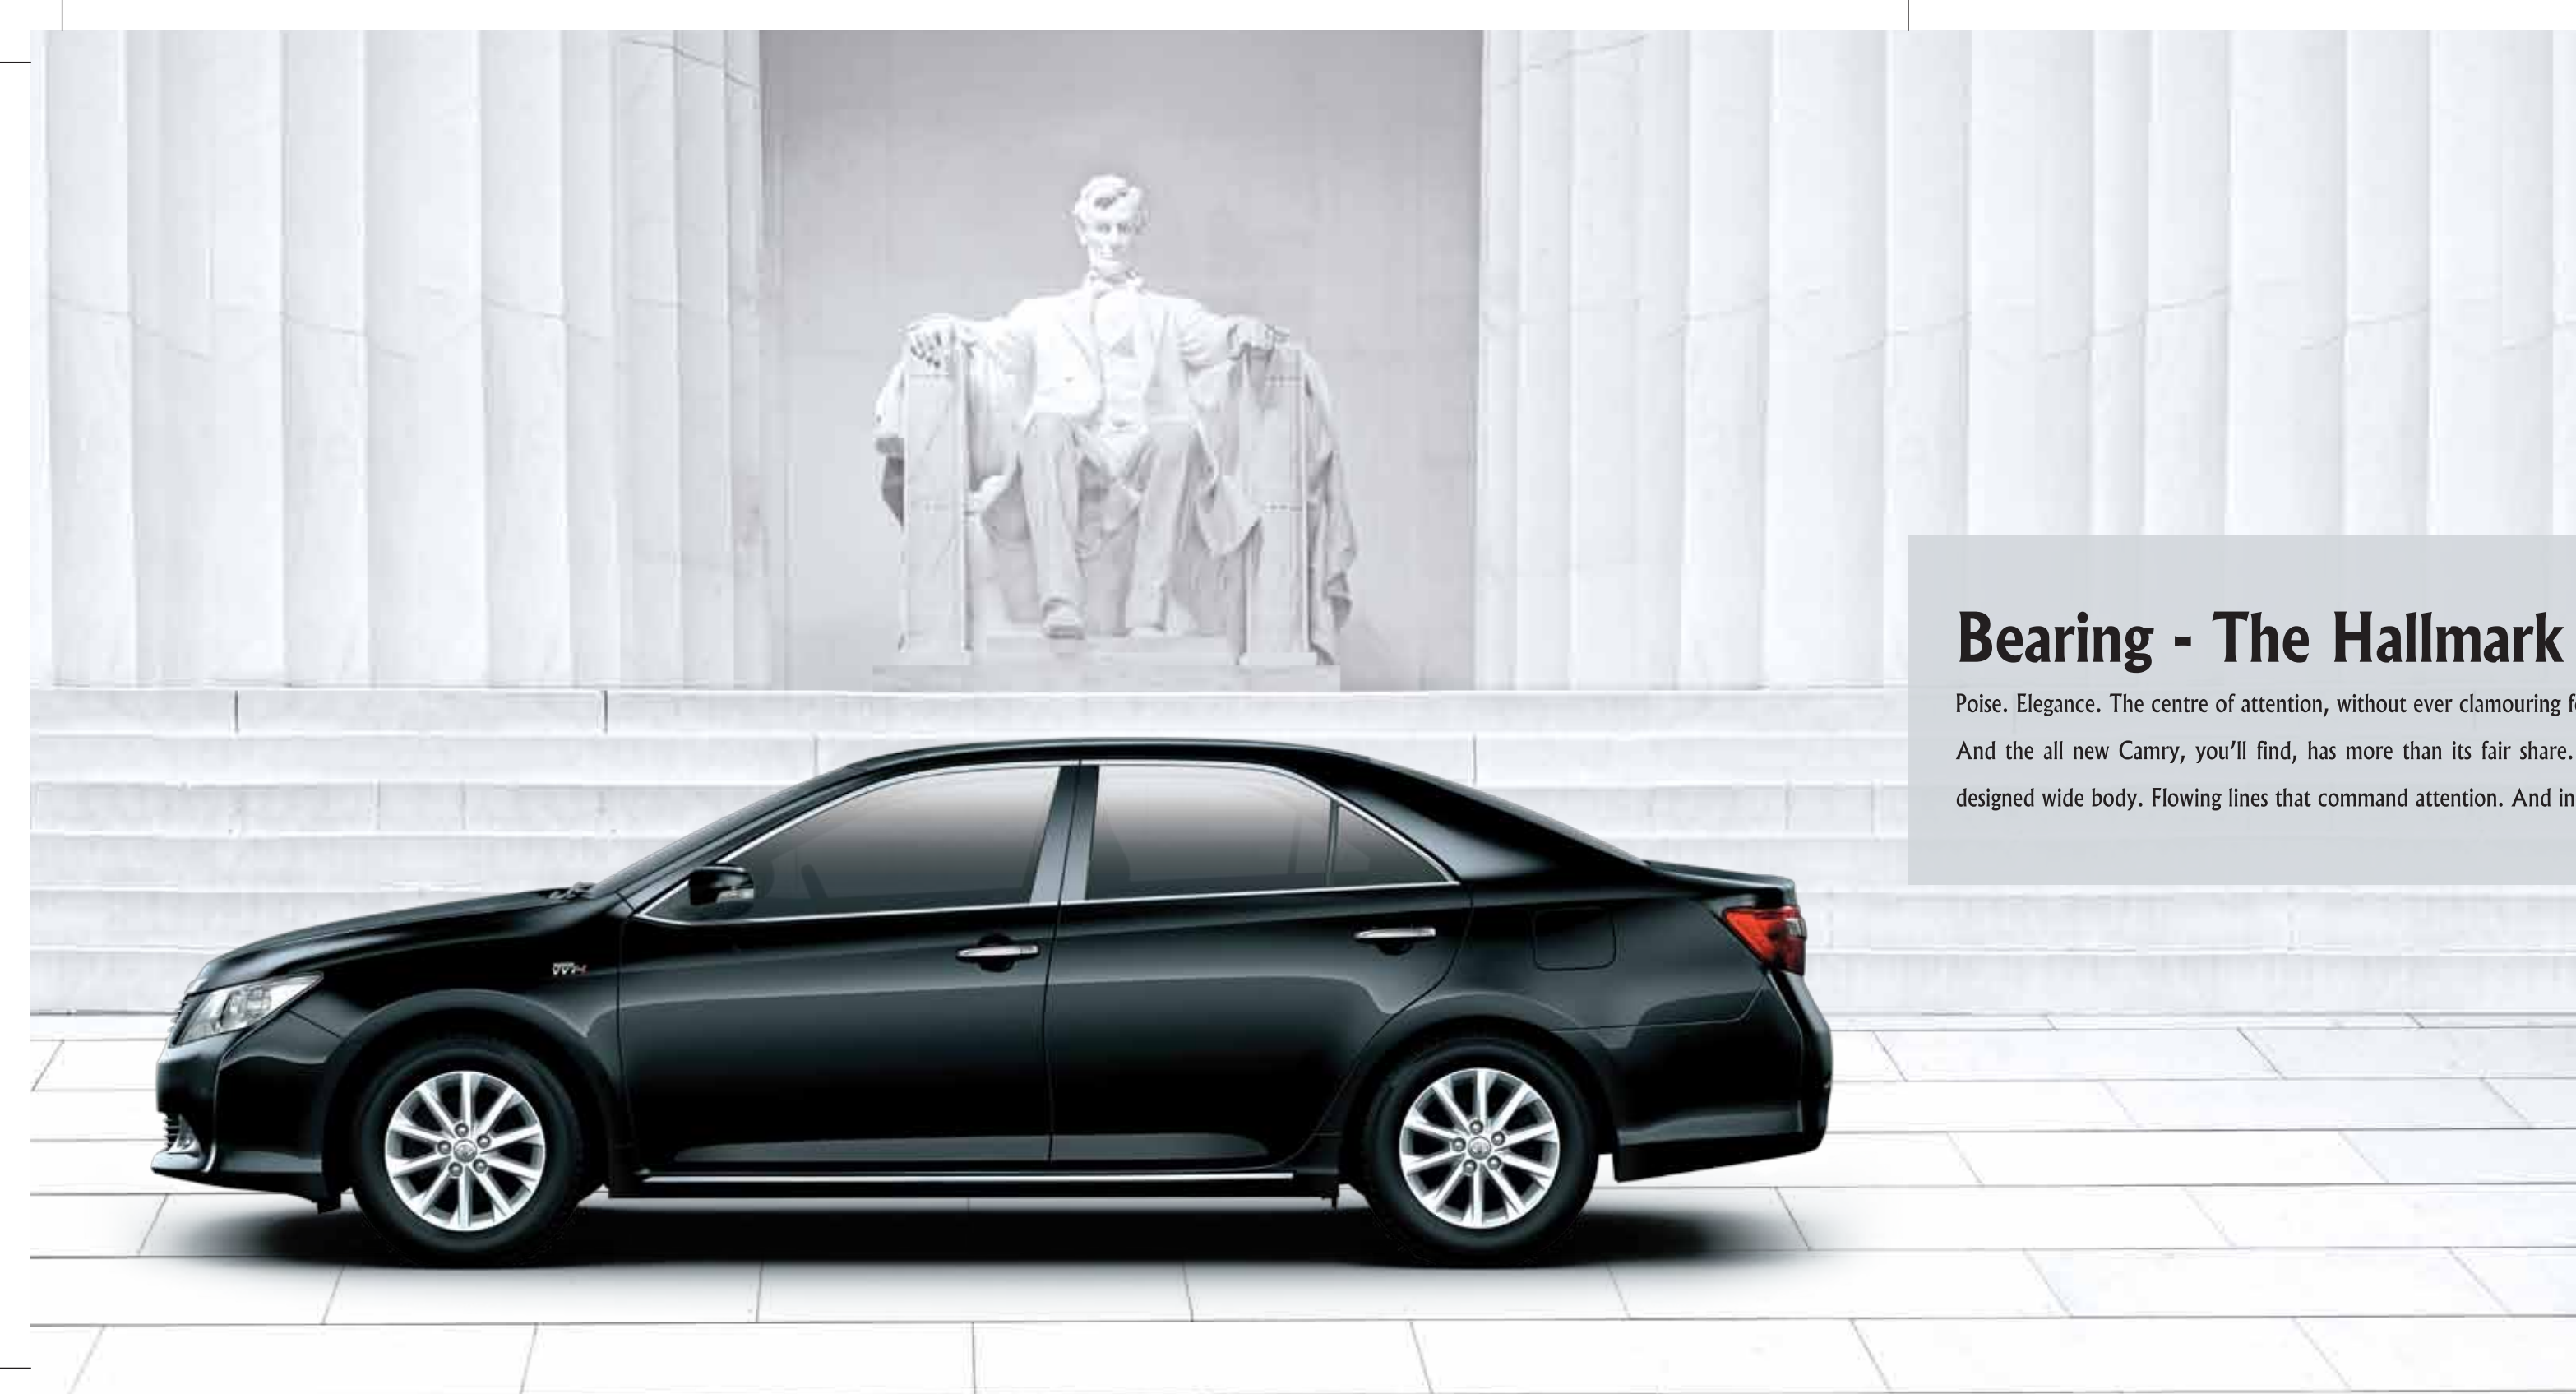

Throughout history, mankind has created monuments to celebrate the achievements of leaders. Inspired by this fine tradition, we've created the all new Toyota Camry.

A fine blend of power, presence and passion. An unmistakable, yet understated, signature style. And the globally renowned Camry heritage of leadership in prestige and performance. A heritage that every inch of this stunning new edition of the Camry fully lives up to. And clearly surpasses.

All in all, a fitting tribute to the people we look up to. People with vision. Who inspire us. Who don't just rise to the top. They show the rest of us the way there. People like you. People who Lead By Example.

The car shown is accessorised.

## Bearing - The Hallmark Of A Leader

Poise. Elegance. The centre of attention, without ever clamouring for it. That is bearing.

And the all new Camry, you'll find, has more than its fair share. An incredible presence, derived from the impressively designed wide body. Flowing lines that command attention. And incorporate performance-driven aerodynamic technology.

**HEADLAMPS:** The new, wider Automatic HID headlamps lend the Camry a more distinguished look. And enhance your vision, letting you see clearer and further.

**GRILLE:** Leadership is attention to details. And you'll find it here in the fine accents to the stunning Camry grille.

**FOG LAMPS:** Stylish, chrome-rimmed fog lamps designed to keep your judgement spot-on, in any weather conditions.

**SIDE REAR-VIEW MIRRORS:** The eye-catching turn signals, mounted on the side rear-view mirrors, get attention even when you're parked.

**FRONT BUMPER:** Sleek and elegantly designed, to make an unforgettable style statement.

## Leadership Through Power

You know the key to staying in the lead. Adapt and evolve. Which is why the all new Camry comes with a new, more powerful engine. Filled to the brim with thoughtful features developed to enhance your driving experience. It also comes with enhanced quietness for peace of mind.

**16-INCH ALLOY WHEELS:** Make your presence felt as you ride in with these gleaming ten spoke alloy wheels with extended fins that create a distinct appeal.

**2.5L DUAL VVT-i ENGINE:** All the power of 181PS in this new engine is at your disposal. And with its refined 6-speed Automatic Transmission, enjoy greater acceleration, fuel efficiency and low emissions.

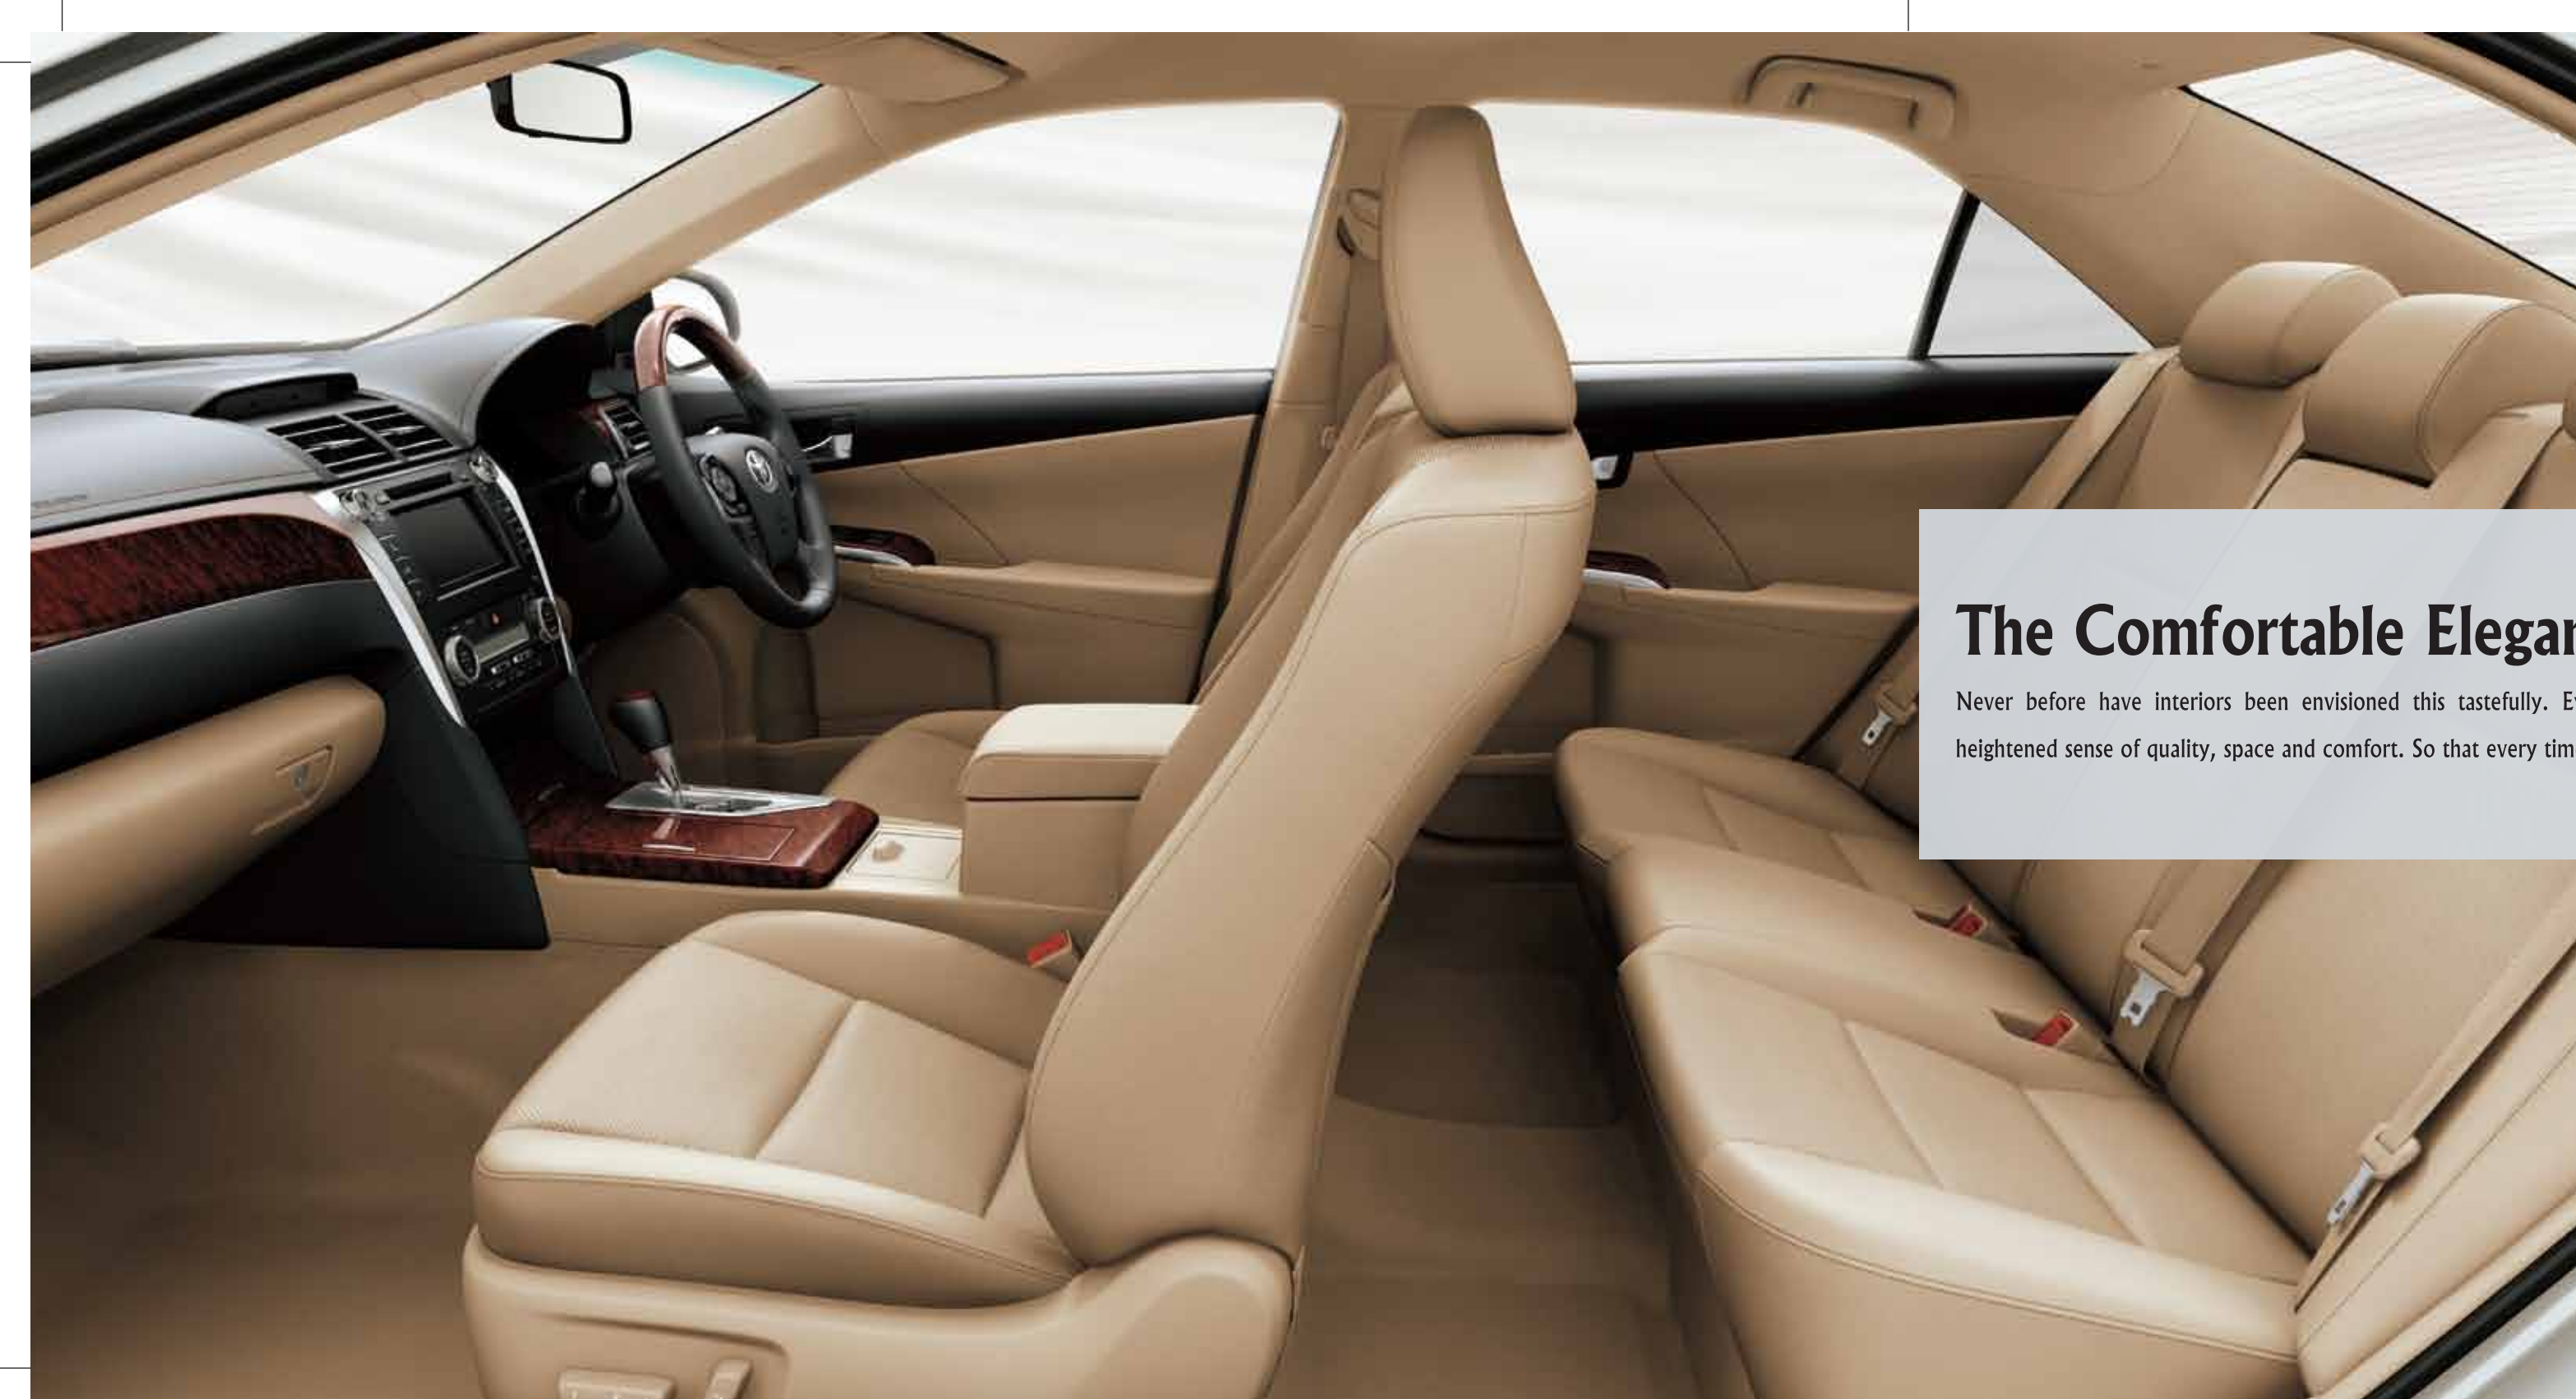

**ECO DRIVE INDICATOR:** The brand new Eco driving indicator displays whether the drive is in Eco range, or not, and gives you real time updates on your driving patterns.

**CRUISE CONTROL:** And once you've set the course, simply hand over the reins to the Cruise Control function.

**WIPERS:** Intelligence is the ultimate power. See it at work in wipers that sense raindrops on the windshield and get to work automatically.

## The Comfortable Elegance Of Leadership

Never before have interiors been envisioned this tastefully. Every inch, carefully crafted to cater to your heightened sense of quality, space and comfort. So that every time you step in, the cabin envelops you in luxury.

**OPTITRON METER:** You know just how essential it is to have all the facts at your fingertips. And the backlit Optitron meter is designed to deliver just that, with enhanced visibility.

**MULTI-FUNCTIONAL STEERING:** The steering wheel comes loaded with multi-functional keys, empowering you with more control while you drive.

**8-WAY POWER SEAT:** Driver's seat with lumbar support, and co-passenger seat with Easy Access Function keys. Luxuriate in supreme, ergonomic, designer comfort.

**BEST-IN-CLASS CABIN SPACE AND EXCELLENT REAR SEAT COMFORT:** Space is the ultimate luxury. And here too, the all new Camry is most definitely the leader of the pack. Dual zone AC with rear AC vents enhance your comfort.

**AUDIO SYSTEM WITH EXCELLENT SOUND QUALITY:** Indulge your taste in music with the superior sound quality of the new 6-speaker system, complete with Touchscreen DVD Display audio with USB, Bluetooth, Aux-in and Car Information System.

## The Security Of Leadership

The all new Toyota Camry is equipped with a series of infallible safety features. World-class, proven safety standards, to ensure you reach your destination every single time.

**IMPACT ABSORBING BODY STRUCTURE:** Body construction that features a crushable front and rear, and a high structural integrity cabin. This creates energy absorbing zones in the front and the rear, that efficiently absorb impact energy in case of a collision, and help reduce impact on the occupants.

**ABS WITH EBD AND BRAKE ASSIST:** True control lies in the art of stopping safely, precisely when needed. Anti-lock Braking System and Electronic Brake-Force Distribution system on the Camry help you do just that, while delivering superior straight-line stability.

**DRIVER AND PASSENGER FRONT AIRBAGS:** With airbags for both driver and front passenger, you know you're in the safest zone.
