MYFORD® DOCK

Figo Aspire's first-in-class device MyFord® Dock allows you to store, mount and charge your mobile phone, MP3 player or satellite navigation system, and to integrate these devices into the car's entertainment system.

FORD MYKEY®

Ford MyKey® technology helps encourage responsible driving. Program your key to a restricted driving mode setting that promotes good habits, such as increasing seat belt use, limiting vehicle top speeds and regulating audio volume.

PERIMETER ALARM

Figo Aspire's perimeter alarm provides peace of mind while the car is parked. If the system detects an unauthorised attempt to enter the car, it triggers the alarm, flashes the headlamps and parking lamps, and activates the theft indicator on the instrument panel.
